

When a GIRL is quiet ... millions of things are running in her mind. When a GIRL is not arguing ... she is thinking deeply. When a GIRL looks at you with eyes full of questions ... she is wondering how long you will be around. When a GIRL answers " I'm fine " after a few seconds ... she is not at all fine.

When a GIRL stares at you ... she is wondering why you are lying. When a GIRL lays on your chest ... she is wishing for you to be hers forever. When a GIRL wants to see you everyday... she wants to be pampered. When a GIRL says " I love you " ... she means it. When a GIRL says " I miss you " ... no one in this world can miss you more than that.

Life only comes around once; make sure you spend it with the right person Find a guy ... who calls you beautiful instead of hot, who calls you back when you hang up on him, who will stay awake just to watch you sleep. Wait for the guy who ... kisses your forehead... Who wants to show you off to the world when you are in your sweats... Who holds your hand in front of his friends... Who is constantly reminding you of how much he cares about you and how lucky he is to have you. Who turns to his friends and says, " That's her!! "

Ladies, always ensure you get what you want and get what you know that you deserve. Don't ever settle for less than the best!!!
